# U Sheets

**Design Manual**  
**Chapter 1**  
**General Information**

Originally Issued: 02-04-11

Revised: 11-30-11

---

## Contents of the U Sheets

The U sheets contain 500 series details, modified Standards (excluding modified TC standards), and special details.

## Sample U Sheets

Click here to view [Sample Special Detail Sheets](#).

Click here to view a [Sample Clearing and Grubbing Detail Sheet](#).

Click here to view a [Sample Modified Standard Sheet](#).

## Plan Quality Checklist

- Are unique design features clearly shown and clearly understood?
- Are there any conflicts with other sheets within the plan or with other documents?
- Are any unique bid items needed and are they accounted for, including materials, construction, method of measurement, and basis of payment?
- Have modified standards been prepared according to Section [1E-5](#)?
- Are modified standards printed in black and white according to Section [21E-4](#)?
  - Are modified color standards legible when printed in black and white?
- If clearing and grubbing is listed as a bid item is there a detail sheet showing the units and areas?
  - Clearing and grubbing may be shown on D sheets, if sufficient space is available.
- Modified TC standards should not be included in the U sheets. See section [1F-10](#).

# Chronology of Changes to Design Manual Section:

## 001f-021 U Sheets
