

MEETING AGENDA

Project:	I-80/I-380 Systems Interchange
Subject:	2020 AGC Update
Date:	Monday March 23, 2020 – 12:30 to 3:30 pm
Location:	On-line. Skype Info following.

It is recommended to not use the Skype Audio option if the user is able to call in with a phone. This will help reduce issues with the audio function (due to poor computer mics, etc.). After you click on “Join Skype Meeting” (to access the meeting visuals and comment options), then

select “Call me at” (and type in your phone number), or “Don’t join audio” (and then call the number below from your phone).

If there are problems with the Skype call... Wait a couple minutes and try joining back in. The presenter may be doing the same.

A fallback plan if there are technical issues is that the meeting presentation materials and notes will be posted to the Contract's homepage, contractors can then review and provide comment and questions by a date defined in the posting, the DOT would then post the comments/questions and responses.

TOPIC	PRESENTER
1. Greeting /Intros / Overview	Linda Narigon
2. Road Design updates / overview Questions/discussion (table discussion by 1:30)	Jason Holst
