

All Systems Annual Overweight Permit Request

This is a new version of the all systems permit for weight only. On May 23, 2022, Governor Reynolds signed SF2376 into law which created this new permit, effective January 1, 2023. The permit is effective on January 1, 2023, for state roads. Local agencies have until July 1, 2025, to determine which routes in their jurisdiction can be used with the new permit. The permit costs \$500 per truck, and 75% of the revenues are shared among participating local agencies.

Link to legislation: <https://www.legis.iowa.gov/legislation/BillBook?ga=89&ba=sf2376>

The All Systems Annual Overweight Permit is an annual permit that allows for unlimited trips on all State, and US routes (not valid for Interstate travel), as well as approved city/county roads for loads which are categorized under the following maximum dimensions:

Maximum Dimensions for Legal Loads:

- Length: Legal
- Width: 8'6"
- Height: 13'6"
- Gross Weight for 5 axles: 89,600 pounds maximum based on axle spacing
- Gross Weight for 6 axles: 100,800 pounds maximum based on axle spacing
- Gross Weight for 7 axles: 107,520 pounds maximum based on axle spacing
- Maximum Axle Weight: 20,000 pounds per axle

Carriers are required to check with local officials when traveling on county roads or city streets for bridge embargo, detour, road embargo and vertical clearance information.

The restrictions provided from this request will be viewable as a map at the following website:

<https://iowadot.gov/mvd/motorcarriers/Maps>

Action Required:

Please return the following form for your county along with your annual secondary road update.

If you would like for your county to be listed as "All Restricted" or "No Restrictions" please check the appropriate box on the following page and sign and return the form to Joshua Slotter (Joshua.Slotter@iowadot.us) in the Research & Analytics Bureau.

If you would like to list where any restrictions are located within your county, please make these notations on a separate PDF map of your county located with the Secondary Engineer Reports at <https://iowadot.gov/analytics/analytics-home> and provide a corresponding list detailing these locations; such as: "59th Street between ECL of Vinton and 25th Avenue". This will help us to both assist the public and place the restrictions in a spatially correct location within the database.

Any questions or concerns regarding the All Systems Annual Overweight Permit or legal load dimensions may be directed to the Motor Carrier Services Bureau at 515-237-3268.
