IOWA DEPARTMENT OF TRANSPORTATION

To Office    Bridges and Structures   Date    April 1, 2012
Attention    All Employees             Ref No.  521.1
From         Gary Novey                
Office       Bridges and Structures    
Subject      Release of the Revetment Protection Standard for Parallel Wing Headwalls. (CADD M0257)

Electronic copies are available in the following Office of Bridges and Structures standard directory W:\Highway\Bridge\Standards\Bridges and on the Internet:

http://www.iowadot.gov/bridge/standard.htm

The standard 1092 is located on the Bridge Web site.

- The standard 1092 shall be used when the construction of the Parallel Wing Headwalls is called out on the plans. The details show the placement of the Class E Revetment along the sides of the headwall wings and in front of the curtain wall.
- This standard shall be modified to match the revetment limits shown on the Situation Plan set by the Preliminary Bridge section.

For any questions, please check with Stuart Nielsen or Thayne Sorenson.
