

IOWA DEPARTMENT OF TRANSPORTATION

To Office Bridges and Structures Date July 1, 2013
Attention All Employees Ref No. 521.1
From Gary Novey
Office Bridges and Structures
Subject Revision of the English LRFD Cast-In-Place Culvert Standards 1043s2 and 1044.
(CADD M0319)

Electronic copies are available in the following Office of Bridges and Structures standard directory **W:\Highway\Bridge\Standards\Bridges** and on the Internet:

<http://www.iowadot.gov/bridge/standard.htm>

The revised standards are located on the Bridge Web site.

The 5/8 inch Dowel Bars labels were changed to 5z1 Dowel Reinforcing Bars nomenclature so it is understood that these bars are to be deformed reinforcing bars.

- The 1043s2 Standard changes were in the GENERAL NOTES which referred to the 5/8 inch Dowels and are now labeled as 5z1 Dowel Reinforcing Bars.
- The 1044 Standard changes were on the PART LONGITUDINAL SECTION detail where the previous labeled 5/8 inch Dowels are now labeled as 5z1 Dowel Reinforcing Bars. The REINFORCING BAR LIST was also changed to label the dowel bars as 5z1 Dowel Reinforcing Bars.

For any questions, please check with Stuart Nielsen or Thayne Sorenson.
