

**IOWA DEPARTMENT OF TRANSPORTATION**

To Office Bridges and Structures Date January 1, 2014  
Attention All Employees Ref No. 521.1  
From Gary Novey  
Office Bridges and Structures  
Subject Release of the Hydrodemolition Standard 1069.  
(CADD M0342)

Electronic copies are available in the following Office of Bridges and Structures standard directory **W:\Highway\Bridge\Standards\Bridges** and on the Internet:

<http://www.iowadot.gov/bridge/standard.htm>

The released standard is located on the Bridge Web site.

- The Standard 1069 is the Hydrodemolition notes used for partial depth Bridge Deck removals. The Hydrodemolition method of removal will be required on a limited basis in order to promote its use based on the condition of the Bridge Deck. If the Bridge Deck has significant removal areas considered Class A and Class B type repairs, the Hydrodemolition method of removal will not be considered.
- The Office of Bridge and Structures will determine and approve the bridge repair candidates where Hydrodemolition will be required.

For any questions, please check with Stuart Nielsen or Thayne Sorenson.
