Division Director  Legal  State Director
The January 12, 2016 Iowa Transportation Commission meeting was called to order at 2:02 p.m.

Commission Comments

Note: Commissioners Yanney and Huber participated by telephone. Commissioner Reasner was absent.

No Commissioners presented topics for discussion

DOT Comments

No DOT employees presented topics for discussion
DISCUSSION/BACKGROUND:

The department is proposing to make changes to 761 IAC 101 as part of the required five-year review of Iowa DOT’s rule chapters. Iowa Code 306.6 established the Farm-to-Market Review Board to review and approve system modification proposals.

The proposed amendments:

- Remove and revise outdated, unnecessary language.
- Update the years associated with the board member rotation cycle.
- Correct where meeting agendas are posted.

The Farm-to-Market Review Board approved these proposed rule amendments during its meeting on July 7, 2015.

The public comment period ended on December 15, 2015, and no comments or requests for oral presentations were received.

PROPOSAL/ACTION RECOMMENDATION:

It is recommended the Commission approve the attached rule amendments.

COMMISSION ACTION:

Moved by Loree Miles Seconded by Charese Yanney

Division Director Legal State Director
ITEM 1. Amend subrule 101.3(1) as follows:

101.3(1) The farm-to-market review board shall be composed of 12 county engineers selected by the Iowa County Engineers Association. Two members shall be selected from each district to serve staggered terms. After the first complete term rotation as shown below, the members shall serve six-year terms. Rotations shall be staggered so that no more than one-sixth of the membership is rotated off the board in any one year. The rotation of board members shall further provide that two members from one district will not be rotated off the board in the same year, and that their rotations will be varied by three years. Initial board rotation shall be as follows and shall be extended in future years in the same pattern:

<table>

<td>District 2 Representative D, District 5 Representative D</td>
</tr>
</tbody>
</table>

ITEM 2. Amend subrule 101.4(2) as follows:

101.4(2) The farm-to-market review board is required to follow the provisions of Iowa Code chapter 21 regarding open meetings. The chair shall post a meeting agenda on the "Service Bureau Bulletin Board" Iowa County Engineers Association Service Bureau website and send copies of the agenda to all counties.

ITEM 3. Amend subrule 101.4(3) as follows:

101.4(3) Minutes of each meeting shall be kept; the chair shall be responsible for the minutes. Meetings may be tape recorded to facilitate the preparation of meeting minutes, but any tape recordings made shall not be retained after the minutes have been completed.
Stuart Anderson, Planning, Programming and Modal Division, presented the Administrative rules revisions to 761 IAC 101 as part of the required 5 year review. The Farm and Market Review Board has completed a review of the rules that govern the board. Anderson noted the board identified several amendments including removing and revising outdated unnecessary language, updating the years associated with the board member rotation cycle, and correcting where the meeting agendas are posted. The Farm-to-Market Review Board approved the proposed rule amendments during its meeting on July 7, 2015. The proposed amendments were reviewed by all 99 counties and posted for public comment to which none were received. Anderson recommended the Commission approve the rule amendments as attached on the commission order. Commissioner Boswell would like to have a discussion at a later time about how the county chairs get appointment.

Commissioner Miles motioned to approve the Administrative Rules – 761 IAC 101, Farm-to-Market Review Board; Commissioner Yanney seconded the motion. The motion carried unanimously.
DISCUSSION/BACKGROUND:

Review of the current round of applications for funding from Iowa's Clean Air Attainment Program has been completed. The following funding recommendations will be presented.

- #2 Green, #6 Brown, #3 Blue Service Expansion (Ames Transit Agency) $162,578
- #9 Plum Weekday Route Expansion and Bus Expansion (Ames Transit Agency) $585,542
- Adaptive Traffic Signal Control System – East Area Traffic Network (West Des Moines) $400,000
- Ames Traffic Network Master Plan (Ames) $80,000
- Bridgeport Transit Study (Sioux City) $20,000
- Downtown Traffic Signal Retiming (Waterloo) $160,000
- Express Routes #92, #93, #98 Service Improvements (Des Moines Regional Transit Authority) $182,859
- Northwest Arterial and JFK Road Intersection Improvements (Dubuque) $198,202
- Northwest Arterial and Pennsylvania Avenue Intersection Improvements (Dubuque) $332,000
- RideConnect Vanpool (East Central Iowa Council of Governments) $142,240
- SE Oralabor Road & SE Delaware Avenue Roadway and Traffic Signal Improvements (Ankeny and Iowa DOT District 1) $1,590,000
- Traffic Signal System Timings Update – Phase 1 (Des Moines) $140,000

Total $3,993,421

PROPOSAL/ACTION RECOMMENDATION:

It is recommended the Commission approve Iowa's Clean Air Attainment Program funding recommendations as listed.
Deb Arp, Planning, Programming and Modal Division, presented an order for Iowa’s Clean Air Attainment Program Funding Recommendations. This was a result of the Federal Congestion Mitigation and Air Quality Improvement Program. This is an application based program that awards funds to projects with the highest potential for reducing transportation related congestion and air pollution. The project priorities include reducing vehicle miles travelled and single occupant vehicle travel. Priorities also include improving vehicle traffic flow or other projects that improve air quality or reduce traffic congestion. Projects are also evaluated based on their cost effectiveness. Twenty applications were received in this round, requesting over $8.4 million in funding. Last month a recommendation was shared to fund twelve projects with $3,993,421. Arp recommended the Commission approve Iowa’s Clean Air Attainment Program Funding Recommendations as listed on the Commission Order.

Commissioner Miles motioned to approve the Iowa’s Clean Air Attainment Program Funding Recommendations; Commissioner Rose seconded the motion. The motion carried unanimously.

Order No. PPM-2016-44

Submitted by Craig Markley Phone No. 515-239-1027 Meeting Date January 12, 2016

Title Statewide Transportation Alternatives Program Funding Recommendations

DISCUSSION/BACKGROUND:

Review of the current round of applications for funding from the statewide Transportation Alternatives program has been completed. The following funding recommendations will be presented.

Enhancing I-WALK: Iowa Visualization, Index and Evaluation of Walkability (I-VIEW) (Iowa State University) $ 64,617
Iowa Safe Routes to School Partnership (Iowa Northland Regional Council of Governments and Iowa Bicycle Coalition) $ 180,971
Iowa’s Living Roadways Projects and Trails Visioning Programs (Trees Forever) $ 249,562
UNI Integrated Roadside Vegetation Management (University of Northern Iowa and UNI Integrated Roadside Vegetation Management) $ 424,850
Urban Youth Corps (Iowa DOT) $ 80,000

Total $1,000,000

PROPOSAL/ACTION RECOMMENDATION:

It is recommended the Commission approve the statewide Transportation Alternatives program funding recommendations as listed.

Division Director Legal State Director
Craig Markley, Planning, Programming and Modal Division, presented an order for the Transportation Alternative Program authorized by the Federal Transportation Funding Act moving ahead for progress in the 21st century. This replaced the former Transportation Enhancement and several other discretionary programs. This funding supports community based projects to enhance the transportation experience by supporting bicycles, pedestrians, cultural, historical, aesthetic and environmental projects related to the service transportation infrastructure. Markley requested a Commission decision to reserve $1,000,000 for a statewide project with the remainder of the funding distributed to Iowa’s nine metropolitan organizations and 18 regional planning associations for their selection of projects. In this round nine applications were received requesting over $2,000,000 of funding. Last month a recommendation was made to fund five projects with $1,000,000. Markley recommended the Commission approve the statewide Transportation Alternatives program funding the recommendations as listed on the Commission order.

Commissioner Putney made a motion to approve the Statewide Transportation Alternatives Program Funding Recommendations; Commissioner Rose seconded the motion which carried unanimously.
DISCUSSION/BACKGROUND:

Review of the current round of applications for funding from the federal Recreational Trails Program has been completed. The following funding recommendations will be presented.

- **Gypsum City OHV Park-Trail Maintenance Equipment** (Iowa Department of Natural Resources and Webster County Improvement Corp.) $56,036
- **Hoover Trail - "The Missing Link" Priority Segment 2** (Johnson County Conservation Board) $450,000
- **Raccoon River Valley Trail to High Trestle Trail Connector, City of Bouton to Quinlan Avenue** (Dallas County Conservation Board) $170,944
- **Snowmobile Trail Grooming Equipment Purchase** (Iowa Department of Natural Resources and Iowa State Snowmobile Association) $240,000
- **Support for Program and Bicycle/Trails Summits** (Iowa Department of Transportation) $24,000
- **Wapsi-Great Western Line Recreational Trail-Acme to Riceville Section** (Howard County Conservation Board) $366,760

Total $1,307,740

PROPOSAL/ACTION RECOMMENDATION:

It is recommended the Commission approve the federal Recreational Trails Program funding recommendations as listed.

COMMISSION ACTION:

Moved by David Rose Seconded by Loree Miles

Division Director

Legal

State Director
Craig Markley, Planning, Programming and Modal Division, presented an order for Federal Recreational Trails Program Funding Recommendations was created under IST legislation in 1991. It provides plans to develop and maintain recreational trails and trail facilities for non-motorized and motorized users. This includes hiking, bicycling, water trails, cross country skiing, snowmobiling, all-terrain vehicles and many others. 16 applications were received requesting over $4,000,000 in funds. Last month a recommendation was shared to fund six projects totaling $1,307,740. Markley recommended the Commission approve the Federal Recreational Trails Program funding recommendations as listed on the Commission order.

Commissioner Rose made a motion to approve the Federal Recreational Trails Program funding Recommendations; Commissioner Miles seconded the motion which carried unanimously.
Policies used to evaluate and administer RISE projects have been reviewed by department staff. The attached document describes those policies. Changes to the RISE policies will take effect on RISE projects approved by the Commission in February 2016 or later.

It is recommended the Commission approve the attached RISE policies.
Revitalize Iowa’s Sound Economy (RISE) Policies
Effective January 12, 2016, Iowa Transportation Commission Business Meeting

Annual laborshed wage rate
- A company’s ability to meet 100 percent of the annual laborshed rate for their area will be used to assist in determining RISE participation.

Project Completion Settlement Process
- First 50 percent of RISE funding not subject to settlement calculation.
- Settlement prorated against RISE funding beyond first 50 percent.
- In evaluating job contingency requirements, consideration will be given to jobs created from a different company that locates at the site of the original RISE-supported development. These jobs are subject to the same monitoring period as the original RISE development and will be evaluated based on wage rate, benefits and other RISE eligibility requirements.
- If at least 90 percent of the job creation and/or retention contingency is met at the wage rate established at the time of project approval, the project is considered substantially complete.
- Settlement installment payments calculated based on the prime interest rate minus 3 percent.

Monitoring process
- In monitoring job contingency requirements, initial payroll is required to establish baseline data.
- Three years after the roadway is open to traffic, the job creation and/or retention along with the wage rate contingencies must be met. Review and calculate average number of jobs created and/or retained using payrolls from the beginning and end of any six-month period from the time funding is awarded to three years after the RISE infrastructure improvement is complete.
- Submittal of documentation in cases of job turnover for establishing compliance with agreement contingency is allowable.

RISE cost per job increase
- $12,000 per job maximum.

Local development funding
- Funding used for speculative RISE-eligible (nonretail) development.
- RISE participation held to 50 percent of eligible project costs.

Iowa’s Certified Sites Program (IEDA) RISE Local Development applications
- Maximum RISE participation awarded is variable depending on the acreage of the Certified Site:
  - 50-499 acres; up to 60 percent RISE participation
  - 500-999 acres; up to 65 percent RISE participation
  - 1,000 acres or more; up to 70 percent RISE participation
- A funding commitment may be considered by the Commission following receipt and review of an application for RISE funding. Final details of RISE project scope and maximum RISE award dollar amount will be finalized and brought for consideration by the Commission as a modification to the RISE award once determined through further discussion between the applicant and Iowa DOT staff.
- Projects awarded RISE Local Development assistance may be modified in the event that a business location decision is imminent. Following submission of the necessary information, the roadway project may be converted at the Commission’s discretion to a more typical RISE Immediate Opportunity project qualifying for up to 80 percent RISE participation.
- A RISE Local Development funding commitment for a Certified Site under these policies will expire according to the same schedule as the certification of the site expires through the IEDA Certified Sites program.
Double access issue
- Interpretation has been to not fund RISE projects that create more than one access unless necessary to support additional entrances to a business or the project is the last link in the street/highway network. RISE funding will not be provided for more than one access unless necessary to support RISE-eligible development or where necessary to support an IEDA designated Certified Site.

Loan interest rate
- RISE loan installment payments calculated using an interest rate between zero percent and the 10-year U.S. Treasury bond rate based on the quality of the RISE project.

Addition of RISE funding to a previously awarded project
- Allow the addition of RISE funding by Iowa Transportation Commission approval if the road construction has not started yet or the RISE-supported company construction has not been completed.

Roads/streets previously improved with RISE funding
- Additional funding for previously RISE-funded projects not allowed. However, new projects for capacity improvements necessary to support immediate job creation decision will be considered.

Commission and Delegation Input
- Commission will be provided RISE application background material the Tuesday before the workshop and business meetings. If a Commissioner has a question or would like additional information prior to the workshop, they will send the request to the Office of Systems Planning by 5:00 pm on the Thursday before the workshop and business meetings. The Office of Systems Planning will provide a response to all of the Commissioners by 5:00 pm the following day.
- While no delegation input is required at the workshop or the business meeting, delegations will be informed that they are welcome to attend either or both meetings (as is all of the public). In addition, the delegations will be informed that their presence at the workshop may be beneficial if the Commission has any questions about the project.
Craig Markley, Planning, Programming and Modal Division, presented Revitalize Iowa’s Sound Economy (RISE) Policies. Based on discussion of the December 8, 2015 Commission Workshop where the policies used to evaluate and administer RISE projects were reviewed, Markley recommended the Commission approve the RISE policies listed on the Commission order.

Commissioner Miles made a motion to approve the RISE policies listed on the Commission order; Commissioner Rose seconded the motion which carried unanimously.

Boswell announced the February meeting will be a 2 day event starting on Monday, February 8th at 2:30 p.m. with a workshop session. That session will resume Tuesday, February 9th at 8:30 a.m.

The Iowa Transportation Commission meeting was adjourned at 2:10 p.m.
