

## IOWA DEPARTMENT OF TRANSPORTATION

**Date:** March 14, 2006

**TO:** All Consultants  
Mass Mailing Contacts

**FROM:** Jason M. Holst, P.E. *JMH*

**OFFICE:** IDOT Office of Design  
Consultant Coordination Section

**SUBJECT:** Public Notice of Storm Water Discharge

Attached to the e-mail along with this attachment is the Iowa Department of Transportation's *Public Notice Template*. This form should be utilized as part of the NPDES permit application process for Road Design projects. (Please refer to Section 10D-1 of the Design Manual for details.) The *Public Notice Template* shall be completed and submitted electronically by the consultant. This shall be effective for all future NPDES permit applications submitted to this office. Please note the form will be posted at [http://www.dot.state.ia.us/design/other\\_pubs.htm](http://www.dot.state.ia.us/design/other_pubs.htm) should you need to reference it in the future.

Please also note that a *Notice of Intent for Storm Water Discharges Associated with Industrial Activity for Construction Activities* will also need to be completed as part of the permit application process. It should be submitted to this office in both electronic and hard copy formats. Current versions of this application form can be located at the Department of Natural Resource site at the following address.
