

P Sheets

Design Manual
Chapter 1
Chapter Title
Originally Issued: 02-04-11

The P sheets provide lighting information. These sheets are provided by the Office of Traffic and Safety.

Contents of the P Sheets

The P sheets contain details, tabulations, and plan views of lighting installations.

Sample P Sheets

Plan Quality Checklist

- Are bid items included in Project Scheduling?
- Do lighting installations conflict with other utilities?
- Does construction staging account for lighting installations?
- Are all of the lighting installations tabbed shown on the layout sheets?
- Do location stations on the layout sheet match the tabs?
- Are circuits identified on the layout sheets?
- Are control stations identified on the layout sheets?
- Does each sheet contain a scale and north arrow?
