

Read Me for Calculation Files

This file is intended to get you started with these Excel tabulation files. For additional documentation refer to the Design Manual: <http://www.iowadot.gov/design/dmanual/manual.html?reload>.

The files in this folder are intended to work with another spreadsheet that creates 11"X17" tabulation PDF files. The companion files are at the following location on the web: <http://www.iowadot.gov/design/automation.htm>. The SeedFiles.zip contains the Excel tabulation files that utilize the spread sheets within this folder. The files can be found inside the Spreadsheets folder of the .zip file.

For additional information, including download and installation instructions, see the calc file design manual located here: <http://www.iowadot.gov/design/dmanual/20j-61.pdf>.
