

2009 Iowa Railroad System Plan

Table of Contents

Introduction	1
Public participation	2
Overview of the document organization	2
Part I. Iowa railroad investment plan	5
Purpose	5
Key issues for Iowa's railroad system today and tomorrow	5
Both freight and passenger	6
Freight	8
Passenger	9
Goals	10
Action plan for addressing Iowa's railroad issues	11
Iowa's future rail system	14
Action results	14
Iowa's rail freight vision	14
Future system	14
Iowa's passenger rail vision	15
Future system	15
Potential rail projects	16
Rail freight projects	16
1. Construct/Rehabilitate rail lines	16
2. Build spur tracks	18
3. Improve highway-rail crossings	19
4. Address capacity constraints	21
4.1. BNSF's Burlington River Bridge	21
4.2. Cedar Rapids and Iowa City Railway Co.'s yard	23
4.3. Iowa Northern Railway Co.'s (IANR) track and bridge rehabilitation	25
4.4. UP's Clinton bridge	26
4.5. UP's Trenton subdivision improvement	28
Passenger rail projects	29
1. BNSF's crossovers, tie and station renewal	29
2. Chicago to Iowa City	32
3. Chicago to Dubuque	36
4. Chicago to Omaha – Iowa City to Omaha segment	40
5. Chicago to Sioux City – Dubuque to Sioux City segment	43
6. Minneapolis to Kansas City via Des Moines	45
7. Minneapolis to Kansas City via Omaha	48
Commuter routes	51
1. Cedar Rapids, Iowa City and Amana Colonies area	51
2. Des Moines area commuter service	54
Rail investment costs	56
Rail freight	57
Passenger rail	59
Performance measures for Iowa's railroad system	62

Iowa's rail freight system	62
Iowa's passenger rail system	63
Part II. Iowa railroad resource guide	65
Iowa's railroad system and carriers	65
History	65
Highlights of Iowa's rail system	67
Current situation	68
Railroad freight service	68
Key commodities	70
Passenger rail service	72
National routes	72
Ridership	73
Fares	75
Schedules	75
Revenues and expenses	76
Intermodal facilities	77
Key challenges and future issues	77
Railroad freight and Iowa's economy	80
Rail passenger service and Iowa's economy	85
Safety of Iowa's railroad system	87
Railroad network safety and security	87
Track conditions	87
Derailments	89
Hazardous materials in Iowa	90
Security	90
Trespassing	91
Remote-control locomotives	92
Positive train control	93
Railroad and community interactions	93
Railroad crossings	93
Highway-rail grade crossing incident trends	94
Blocked crossings	95
Quiet zones	96
Part III. Appendices	97
Appendix A. Government interaction with railroads	98
Brief historical overview	98
Federal rail regulatory agencies	98
Surface Transportation Board	98
Federal Railroad Administration	99
Iowa rail regulatory agency	99
Iowa Department of Transportation	99

Appendix B. Government financial assistance programs	100
Economic Development	100
Railroad Revolving Loan and Grant Program	100
Safety and maintenance programs	102
Railway-Highway Grade Crossing Safety Fund	102
Highway-Railroad Grade Crossing Surface Repair Fund	104
Highway Grade Crossing Safety Program	107
Capital improvement and maintenance programs	108
Railroad Rehabilitation and Improvement Financing Program	108
Appendix C. Midwest Regional Rail Initiative	109
Routes	109
Ridership	110
Fares	110
Schedule	111
Improvements and funding	111
Revenues and expenses	111
Appendix D. 2008 Iowa railroad profiles	113
Appanoose County Community Railroad	114
BNSF Railway Co.	115
Boone & Scenic Valley Railroad	116
Burlington Junction Railway	117
CBEC Railway Inc.	118
Cedar Rapids and Iowa City Railway Co.	119
Cedar River Railroad Co.	120
Chicago, Central and Pacific Railroad Co.	121
D & I Railroad Co.	122
D & W Railroad, LLC	123
Dakota, Minnesota & Eastern Railroad Corp.	124
Iowa, Chicago & Eastern Railroad Corp.	125
Iowa Interstate Railroad Ltd.	126
Iowa Northern Railway Co.	127
Iowa River Railroad Inc.	128
Iowa Traction Railroad Co.	129
Keokuk Junction Railway Co.	130
Norfolk Southern Railway Co.	131
Union Pacific Railroad Co.	132
Appendix E. Performance measures for Iowa's railroad system	133
Freight performance measures	133
Total incidents at highway-rail crossings (safety)	133
Railroad derailments per one million ton-miles (safety)	134
Railroad return on investment (efficiency)	135
Average rail revenue per ton-mile (efficiency)	136
Rail fuel user per ton-mile (efficiency)	137

Percent of track-miles able to handle 286,000-pound cars (efficiency and quality of life)	138
Percent of track-miles able to operate at least 40 mph (efficiency and quality of life)	139
Passenger performance measures	140
Total accidents/incidents relating to rail passenger service in Iowa (safety)	140
Cost per passenger-mile (efficiency)	141
Rail passenger revenue and cost per passenger (efficiency)	142
Rail passenger ridership in Iowa (quality of life)	143
Population served by rail passenger stations (quality of life)	144
Rail passenger-miles per gallon (quality of life)	145
