Overview

Through our subsidiary, the Chicago, Central & Pacific Railroad, CN's rails stretch the breadth of Iowa, from the Missouri River in the west to the Mississippi in the east. We carry a wide variety of manufactured and industrial products like food, machinery, electrical equipment, chemical products, and primary metals. In addition to serving local businesses, CN's ethanol franchise is centered in the Hawkeye State with several plants along the route between Dubuque and Sioux City and Council Bluffs. The largest rail yard and facility on CN's Iowa network are in Waterloo. In 2020, CN invested over US\$35 million to support growing demand and enable supply chains in Iowa. The program focused on continued investments in Positive Train Control as well as the replacement of rail and ties and maintenance of bridges, level crossings, culverts, signal systems, and other track infrastructure.

Marketing development summary

CN serves Iowa with main-line routes from Council Bluffs and Sioux City through Fort Dodge, Waterloo, and Dubuque and onto Chicago, where connections are made with the rest of CN's North American network. Branches extend to Cedar Rapids and Ida Grove, Iowa; and southern Minnesota. CN serves numerous unit-train loading facilities, providing single-line service to the Gulf elevators for export.
