**Purpose:** This report contains traffic data collected from over 120 Continuous Count Sites to report how traffic trends have changed since Friday March 13, 2020.

**Report Notes:**
- This report compares Iowa’s various road system traffic changes to the same day of the week from last year (for example, the third week of March 2019 is compared to the third week of March 2020).
- The Veteran’s Day Holiday fell on a different day in 2019. Therefore the percent change is not representative of a normal day-to-day comparison.
