

## TRAFFIC MANAGEMENT CENTER PERFORMANCE MEASUREMENTS

March 2025

This report contains statistical and operational data for TMC activities from the period of March 01, 2025 to March 31, 2025.

## Executive Summary

| TOTAL INCIDENTS                                    |         | TOTAL HIGHWAY HELPER RESPONSES                                               |         | AVERAGE CLEARANCE TIME                                      |           |
|----------------------------------------------------|---------|------------------------------------------------------------------------------|---------|-------------------------------------------------------------|-----------|
| The total number of incidents during the period. * |         | The total number of incidents Highway Helper responded to during the period. |         | The average time for all lanes to be cleared after a crash. |           |
| Previous                                           | Current | Previous                                                                     | Current | Previous                                                    | Current   |
| February                                           | March   | February                                                                     | March   | February                                                    | March     |
| 2,978                                              | 3,063   | 1,018                                                                        | 912     | 1 hr 3 m                                                    | 1 hr 19 m |

| TOTAL LANE BLOCKAGE INCIDENTS                                                         |         | TOTAL SECONDARY INCIDENTS                                                 |         | TOTAL MULTI-VEHICLE INCIDENTS                                  |         | TOTAL TRIP ACTIVATIONS                                                                |         |
|---------------------------------------------------------------------------------------|---------|---------------------------------------------------------------------------|---------|----------------------------------------------------------------|---------|---------------------------------------------------------------------------------------|---------|
| The total number of incidents which resulted in at least one blocked lane of travel.* |         | Crashes that occur within the original incident scene or resulting queue. |         | The total number of multi-vehicle incidents during the period. |         | The total number of incidents for which a TRIP activation was made during the period. |         |
| Previous                                                                              | Current | Previous                                                                  | Current | Previous                                                       | Current | Previous                                                                              | Current |
| February                                                                              | March   | February                                                                  | March   | February                                                       | March   | February                                                                              | March   |
| 265                                                                                   | 418     | 4                                                                         | 1       | 174                                                            | 167     | 11                                                                                    | 0       |

\* - excludes roadwork

\*\* - incidents involving multiple vehicles are counted as a single incident in the totals displayed throughout this report

The term 'Avg Impact' is used throughout this report to indicate mainline closure times (excludes shoulder/ramp closure).
