▲ = Location of bridges passing over interstate and primary highways which are not approved for permit trucks listed.
■ = Location of bridges on interstate and primary highways which are not approved for permit trucks listed.

COMBINED BRIDGE EMBARGO MAP

Bridges identified on this map and corresponding list are embargoed and cannot be crossed by permit trucks listed.
For clarification of embargoed bridge locations and specific truck restrictions, reference the "Combined Bridge Embargo List" in combination with this map.

Travel on all approved interstate and primary road bridges must be done under the following guidelines:
Centerline at posted speed, all primary road bridges in 65 mph or greater speed zone, and all interstate bridges.
Centerline at 5 mph, all primary road bridges in 60 mph or less speed zone.
90,000 lb. truck only: centerline at posted speed OR stay in current lane and slow to 5 mph, all primary road bridges in 60 mph or less speed zone.
