**What is the intended benefit of the rule?**

To detail the types of federal transit funding the department administers on behalf of Iowa’s designated public transit agencies.

**Is the benefit being achieved? Please provide evidence.**

Yes. The department administers and disburses over \$20,0000,000 in federal transit funding annually to Iowa’s designated public transit agencies. Those funds help purchase replacement vehicles and provide over 19,000,000 rides each year.

**What are the costs incurred by the public to comply with the rule?**

None.

**What are the costs to the agency or any other agency to implement/enforce the rule?**

None.

**Do the costs justify the benefits achieved? Please explain.**

There are no costs.

**Are there less restrictive alternatives to accomplish the benefit?**  YES  NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

The state must designate a recipient of the federal transit funds in order to receive them. Without this rule, Iowa may not be able to receive these dollars, to the detriment of the many passengers reliant upon this service.
