Title Administrative Rules—761 IAC Chapter 181, Statewide Standard for Permitting Certain Implements of Husbandry

DISCUSSION/BACKGROUND:

The rulemaking proposes to permanently rescind Chapter 181.

The department reviewed this chapter in accordance with Executive Order 10 and determined rules 761—181 (Statewide Standard for Permitting Certain Implements of Husbandry) can be rescinded and instead include the established statewide standard required by Iowa Code section 321.463(4) within the department’s Local Systems Instructional Memorandums, which are available on the department’s website. The standard allows a local authority to issue a special permit for a fence-line feeder, grain cart, tank wagon or tracked implement of husbandry with a weight in excess of the weights allowed under Iowa Code chapter 321 to operate within the local authority’s jurisdiction safely.

The public comment period ended on November 4, 2025. The department did not receive any public comments.

A complete summary explaining the proposed rulemaking is included in the attached Notice of Intended Action.

PROPOSAL/ACTION RECOMMENDATION:

It is recommended that the Commission approve rescission of Chapter 181.
