

DEPARTMENT OF TRANSPORTATION  
COMMISSION ORDER

Transportation Development Division

Division/Bureau/Office Local Systems Bureau Order No. TD-2026-47  
Submitted by Debra Arp Phone No. 515-239-1681 Meeting Date January 13, 2026  
Title Iowa's Clean Air Attainment Program Funding Recommendations

**DISCUSSION/BACKGROUND:**

Review of the current round of applications for funding from the Iowa's Clean Air Attainment Program has been completed. The following recommendations will be presented.

Adaptive Traffic Control System Phase 1 (Ankeny)	\$ 400,000
Enterprise Commute Vanpool (Heart of Iowa Regional Transit Agency)	\$ 116,800
Phase 5 Traffic Signal Master Plan Deployment (Ames)	\$1,213,760
Traffic Signal System Improvements (Marion)	\$ 653,840
12th Street NW & Pierce Avenue Roundabout (Mason City)	\$ 508,788
Utica Ridge Road & East 56th Street Roundabout (Davenport)	\$1,106,812
Total	\$4,000,000

**PROPOSAL/ACTION RECOMMENDATION:**

It is recommended the Commission approve the Iowa's Clean Air Attainment Program funding recommendations, as listed.

**COMMISSION ACTION:**

# Iowa's Clean Air Attainment Program

Funding Recommendation

IOWA | DOT

# Iowa's Clean Air Attainment Program

- Created in 1994
- Available to federal, state, and local government agencies; transit agencies; and planning organizations. Private individuals and organizations may apply with a government co-sponsor.
- Purpose is to support projects with the highest potential for reducing transportation-related congestion and air pollution.

## Iowa's Clean Air Attainment Program (con't)

- Funded with \$4 million in federal Congestion Mitigation and Air Quality Improvement (CMAQ) or federal Carbon Reduction Program funds.
- Iowa is an air quality attainment state and funds may be used for any eligible Surface Transportation Block Grant or CMAQ project.
- Eligible projects include:
  - Improvements to motor vehicle traffic flow, public transit service and intermodal freight movement; reduction in traffic congestion and single-occupant vehicle travel; purchase of publicly owned alternative fuel vehicles; and bicycle and pedestrian facilities and programs.

## Project Evaluation Criteria

Criteria	Points
Project cost effectiveness relative to air quality benefits	30
Vehicle traffic flow improvement	25
Vehicle miles of travel (VMT) or single occupancy vehicle (SOV) reduction	25
Estimated vehicle emission reduction	20
Degree of transportation related air pollution or traffic congestion	15

# Available Funding and Application Summary

## Available Funding:

CMAQ/Carbon Reduction funds	\$4,000,000
-----------------------------	-------------

## Application Summary:

Total number of projects	6
--------------------------	---

Total project costs	\$6,612,340
---------------------	-------------

Total amount requested	\$4,237,188
------------------------	-------------

# List of Applications Recommended

PROJECT NAME	SPONSOR	SCORE	TOTAL PROJECT COST	REQUESTED AMOUNT (% of Total Project Cost)	RECOMMENDED AMOUNT (% of Total Project Cost)
<u>Traffic Signal System Improvements</u>	Marion	81	\$817,300	\$653,840 (80%)	\$653,840 (80%)
<u>Phase 5 Traffic Signal Master Plan Deployment</u>	Ames	78	\$2,692,200	\$1,213,760 (45%)	\$1,213,760 (45%)
<u>Adaptive Traffic Control System Phase 1</u>	Ankeny	77	\$550,000	\$400,000 (73%)	\$400,000 (73%)
<u>12th Street NW and Pierce Avenue Roundabout</u>	Mason City	64	\$726,840	\$508,788 (70%)	\$508,788 (70%)

515-239-1713

# Traffic Signal System Improvements (Marion)

The project will implement an advanced traffic management system including filling in fiber and conduit gaps in the communication network, the addition of a video traffic monitoring system, and updating traffic signal equipment.

**Total Cost: \$817,300**

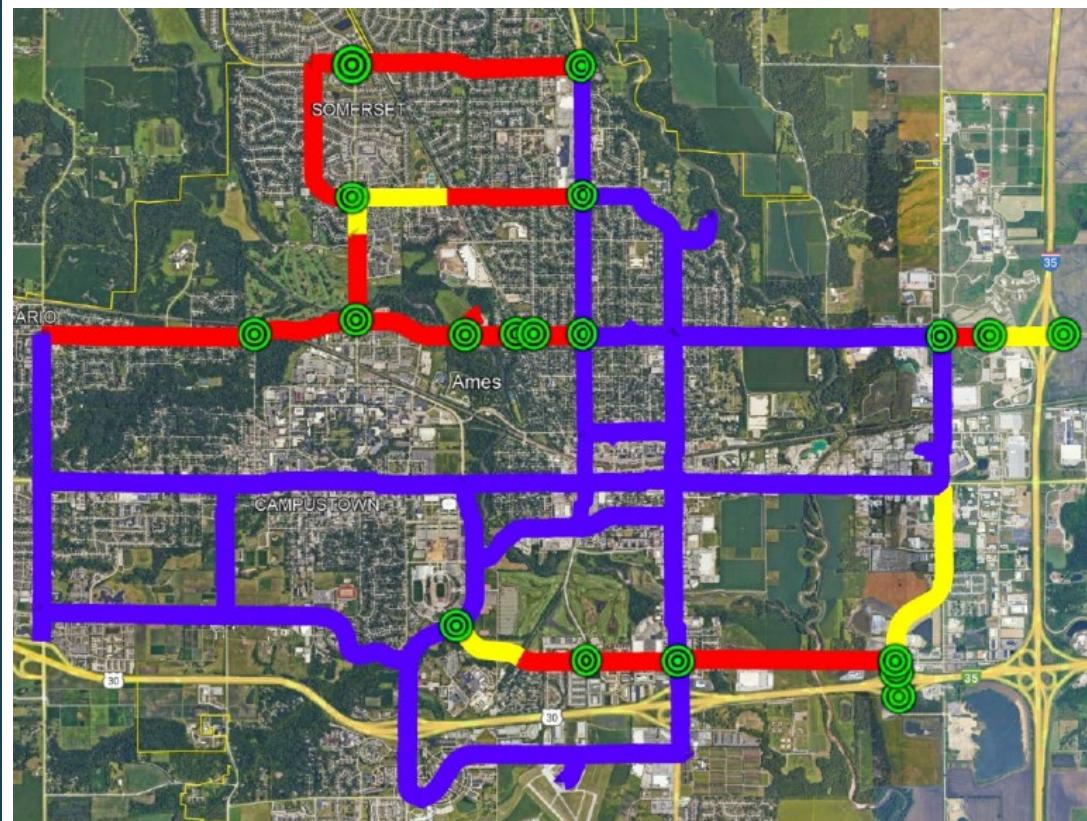

**Requested: \$653,840 (80%)**

# Phase 5 Traffic Signal Master Plan Deployment (Ames)

Project will install fiber optic cables, upgrades to signal controllers, and detection system upgrades along 8 roadway corridors.

**Total Cost:** \$2,692,200  
**Requested:** \$1,213,760 (45%)

[Return to List of Applications Recommended](#)

# Adaptive Traffic Control System

## Phase 1

### (Ankeny)

This project will install traffic signal controllers, cabinet upgrades, new vehicle detection, and software at 11 intersections to support the Adaptive Traffic Control System(ATCS).

**Total Cost: \$550,000**

**Requested: \$400,000 (73%)**

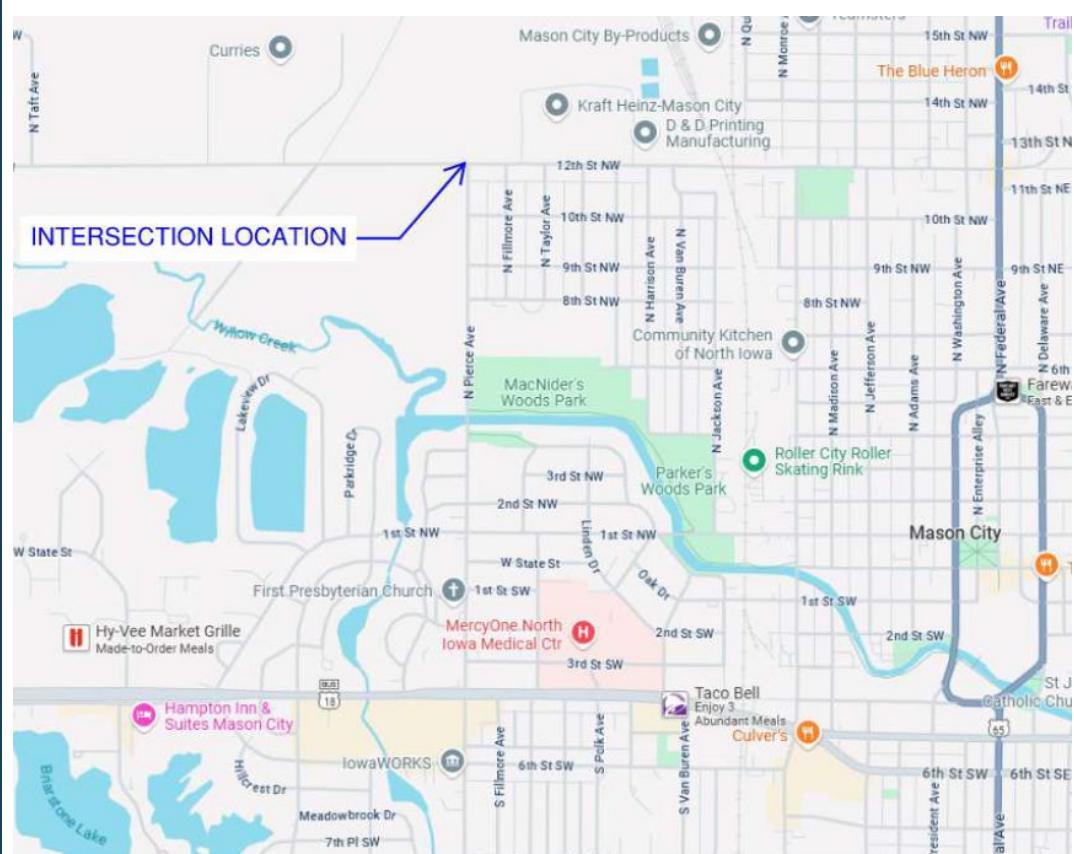

**Return to List of Applications Recommended**

# 12th Street NW and Pierce Avenue Roundabout (Mason City)

This project will construct a single-lane roundabout at the intersection of 12th Street NW and Pierce Avenue reducing the number of conflict points, allowing an efficient traffic flow, and improving emissions.

**Total Cost: \$726,840**

**Requested: \$508,788 (70%)**

## [Return to List of Applications Recommended](#)

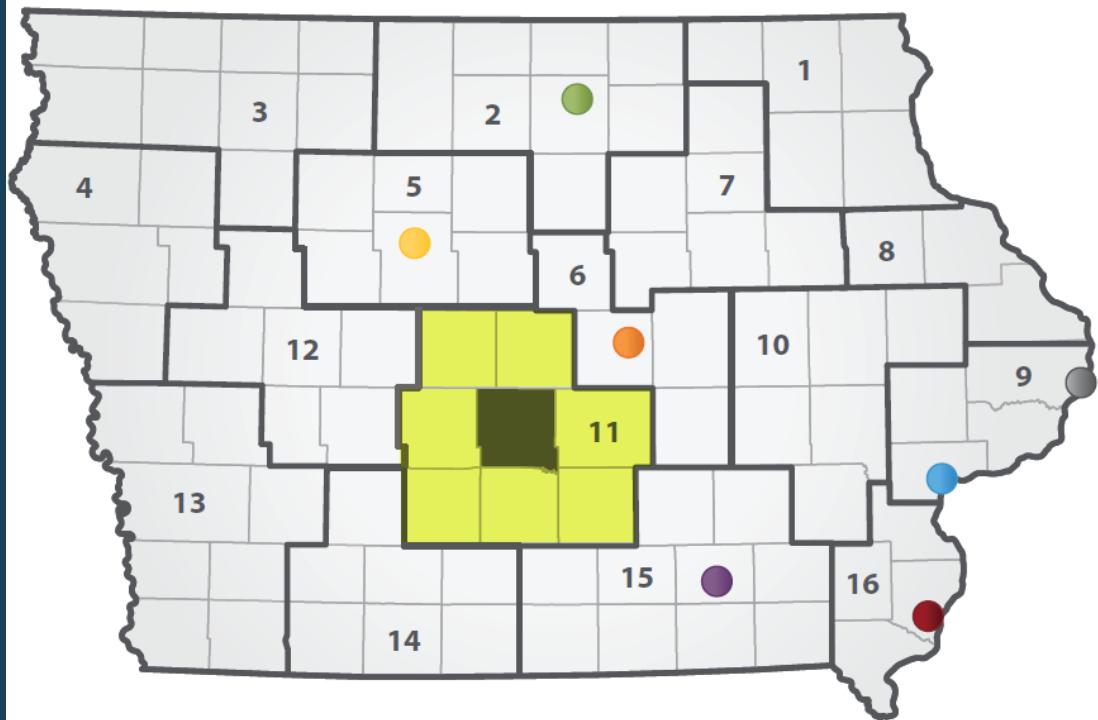

# Enterprise Commute Vanpool (Heart of Iowa Regional Transit Agency)

This project will support Enterprise vanpool services, a ridesharing solution working with employers to encourage employees to commute to work. Up to 13 vans will operate in the region.

**Total Cost: \$146,000**

**Requested: \$116,800 (80%)**

## Iowa's Rural Public Transit Systems

[Return to List of Applications Recommended](#)

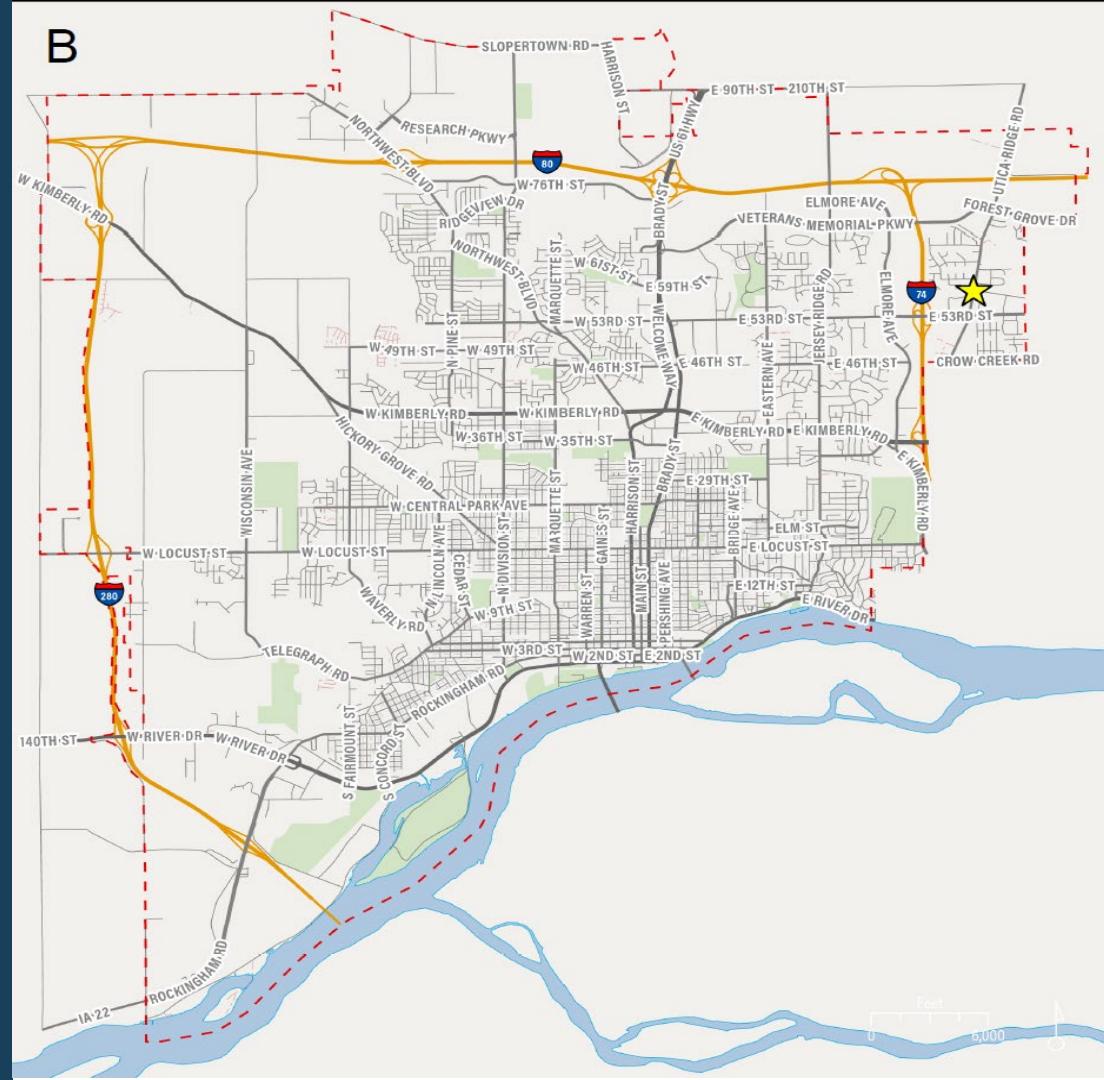

# Utica Ridge Road and East 56th Street Roundabout (Davenport)

This project will construct a single-lane roundabout at the intersection of Utica Ridge Road and East 56th Street improving emissions and reducing delays at this intersection.

**Total Cost: \$1,680,000**

**Requested: \$1,344,000 (80%)**

**Recommended: \$1,106,812 (66%)**
