Introduction

The Iowa Department of Transportation's (Iowa DOT) Office of Transportation Data, in cooperation with the Federal Highway Administration (FHWA), is responsible for preparing this secondary road report. The report provides federal, state and local agencies, and the public with statistical information regarding the Secondary Road System.

Information for this report is derived from data reported by each of the 99 Iowa county engineers. Based on these construction reports, which may have changed the road surface, length and functional classification, the Iowa DOT's database is updated and current as of Jan. 1, 2008.

The report contains three major sections: state totals in miles by type of surface, a statistical summary and county statistical summaries.

A PDF version of this report is also available at www.iowadotmaps.com/secmiles.

Changes for the 2007 Report

Many counties will notice slight differences in the secondary mileages from the 2006 report. To more accurately depict the true surfaced mileage of open secondary routes the totals were adjusted and the "legal not open" roads are no longer part of the calculation in the surface type totals. The Iowa DOT is also continually modifying line work to improve the precision of the data.

This report is organized with the state and county data presented on individual pages, summarizing the statistical data for the state and each county. Each page has three sections: the summary of all rural miles for the county, summary of farm-to-market miles for the county and summary of area service miles for the county.

As a reminder, effective July 1, 2004, the jurisdiction of farm-to-market extensions in cities with a population less than 500 transferred from the city to the county. Therefore, those farm-to-market extensions are now considered secondary roads and are included in the mileage summaries for secondary and farm-to-market roads in this report. For reader convenience, the mileage of those extensions is listed separately in the summaries. In accordance with Iowa code section 306.4, those roads will remain under the county's jurisdiction until the city's population exceeds 750.
