

HARVEST

Wilton

Cedar County
I-80 westbound at milepost 270
Artist: Tom Stancliffe
Completed: August 1999

The artist's theme, titled "Harvest," celebrates the growth experienced in the state. At this rest area a series of sculptures show common threads of life. Atop metal cylinders, figures depicting Iowa's natural resources, agriculture, industry, education, and cultural heritage showcase Iowa's growth.

Exercise options abound with several trails. These include paved trails and less developed routes to showcase the local plant and bird life of eastern Iowa.

In keeping with the harvest and growth themes, a plot of native prairie planted by Cornell College students many years ago was incorporated into the design.
