Financial Assistance.....

Construction Industry Training Funds

These funds are offered to contractors, producers, and suppliers that provide materials or construction services on Iowa DOT projects. Funding is limited this year, so enroll early for the best opportunity to receive CIT funds.

CIT funds may not be used by consultants or government agencies.

If you wish to use Construction Industry Training funds to pay for course registration fees, contact your employer for approval, then register. Cancellation of any class must be done at least two working-days prior to the class or the applicant may be billed the entire cost of the class. Any contractor with outstanding CIT bills will not be allowed to use CIT funds until those bills are paid.

CIT funds may not be used if an individual must take a class for certification due to failure of a class previously attended. This would normally occur if an individual failed a re-certification exam and then would be required to take the full class. The full class would not be covered by CIT funds. CIT funds may not be used if the certification will not expire the year the re-certification is requested. An example would be someone who has an Aggregate Sampler certification that expires in 2028 and tries to register this upcoming season. To use CIT funds this training season to re-certify, your certification would need to expire in 2027.

Please call the Civil Rights Bureau at 515-239-1422, if you have questions regarding the use of Construction Industry Training Funds. For questions about the Technical Training and Certification Program (TTCP), please call the Construction & Materials Training office at 515-233-7915 or 515-509-8302.
