

Parent Taught Drivers Education Program Completion

Dear Parent(s):

Student:

Student DL#:

RE: Application for Parent-Taught Driver Education Program Completion

Congratulations! Your student has successfully completed Iowa Parent-Taught Driver Education! The student's driving record has been updated to reflect this completion.

The student must now pass a drive test to be issued an intermediate license or a minor school license. Please ensure the student has met all eligibility requirements at <https://iowadot.gov/mvd/driverslicense/under-18>.

Once you've confirmed all requirements have been met, you can schedule a drive test at any driver's license service center at <https://iowadot.gov/mvd/ServiceSelector>.

Be sure to bring the following items in order to take the drive test and apply for the intermediate or minor school license.

1. The student's Iowa instruction permit
2. Proof of insurance for the vehicle that will be used during the drive test
3. Cash/Check/Debit for the \$8.00 (plus processing) license fee
4. Signed Minor School License Affidavit (Iowa DOT form number [430021](#)), if applying for a minor school license

If you or another parent/legal custodian does not accompany the student, the student must also bring a parental consent form (Iowa DOT form number [430018](#)) to the issuance location. Forms are available at www.iowadot.gov.

Thank you,

Iowa Department of Transportation
