COMMISSION ORDER

Division/Bureau/Office Motor Vehicle Division Order No. MV-2024-39  
Submitted by Melissa Gillett Phone No. 515-237-3010 Meeting Date March 12, 2024  
Title Administrative Rules – 761 IAC Chapter 511, Special Permits for Operation and Movement of Vehicles and Loads of Excess Size and Weight, and Chapter 607, Commercial Driver Licensing

**DISCUSSION/BACKGROUND:**

This proposed rulemaking updates Chapter 511 to conform the rules with 2023 Iowa Acts, Senate File 153, which amended Iowa Code section 321E.9 to provide additional flexibility for the department or local authorities to issue a single-trip permit for indivisible overweight loads in special or emergency situations.

The department also proposes to update Chapter 607 to conform the rules with 2023 Iowa Acts, House Files 257, 258 and 335. These proposed amendments do the following:

Allow additional entities to be eligible as a third-party commercial driver's license (CDL) knowledge and skills testers, eliminate testing restrictions on Iowa-based motor carriers, and set requirements for new third-party testers for the percentage of tests provided to be for Iowa residents, in accordance with House File 257.

Establish the procedures the department will follow to implement mandatory federal regulations for the national Drug and Alcohol Clearinghouse as they relate to the issuance of CDLs and commercial learner's permits, in accordance with House File 258.

Adopt the federal language for restricted commercial driver's licenses, which expands eligibility for CDL exemptions for more individuals employed in agricultural industries than Iowa law previously allowed, in accordance with Senate File 153.

The public comment period ended on January 30, 2024. The department did not receive any public comments or requests for oral presentations.

A complete summary explaining the proposed amendments is included in the attached Notice of Intended Action. This rulemaking is an exception to Executive Order 10.

**PROPOSAL/ACTION RECOMMENDATION:**

It is recommended that the Commission approve the rule amendments included in the attached Notice of Intended Action.

**TRANSPORTATION DEPARTMENT[761]****Notice of Intended Action****Proposing rulemaking related to special permits and commercial driver licensing  
and providing an opportunity for public comment**

The Transportation Department hereby proposes to amend Chapter 511, “Special Permits for Operation and Movement of Vehicles and Loads of Excess Size and Weight,” and Chapter 607, “Commercial Driver Licensing,” Iowa Administrative Code.

*Legal Authority for Rulemaking*

This rulemaking is proposed under the authority provided in Iowa Code sections 307.12, 321.176B, 321.187, 321.188, 321.207 and 321E.15; 2023 Iowa Acts, House File 335, section 2; 2023 Iowa Acts, House File 257; and 2023 Iowa Acts, House File 258, sections 2 and 3.

*State or Federal Law Implemented*

This rulemaking implements, in whole or in part, Iowa Code sections 321.176B, 321.187, 321.188, 321.207, 321E.9 and 321E.15; 2023 Iowa Acts, House File 335, section 2; 2023 Iowa Acts, House File 257; 2023 Iowa Acts, House File 258, sections 2 and 3; 2023 Iowa Acts, Senate File 153; 49 CFR 382.107; 49 CFR 382.501(a); 49 CFR 383.3(f); 49 CFR 383.5; 49 CFR 384.228; 49 CFR Part 383, Subpart E; 49 CFR Part 384, Subpart B.

*Purpose and Summary*

This proposed rulemaking makes the necessary changes within Chapters 511 and 607 to comply with 2023 Iowa Acts, House Files 257, 258, and 335, and Senate File 153, and adds a date certain to applicable citations to Title 49 of the Code of Federal Regulations to comply with 2023 Iowa Acts, House File 688, section 8. The Department will be reviewing whether other Code of Federal Regulations citations within these two chapters need to include a date certain in future rulemakings.

Senate File 153 amended Iowa Code section 321E.9 to create a new option for the Department to issue a single-trip permit for overweight loads in special or emergency situations.

The proposed amendments to Chapter 511 include the following:

- Incorporate the amended law into existing rules related to validity periods, issuance procedures, insurance requirements, and maximum dimensions for single-trip permits for indivisible loads.
- Provide an exemption from the existing gross axle weight limit for single-trip permits, if authorized under the newly amended Iowa Code section 321E.9(2).

House File 257 amended Iowa Code section 321.187 to allow the Department to establish rules regarding the entities eligible to become a third-party tester. Under prior law, the only entities eligible to be a third-party tester included the following: a community college, an Iowa-based motor carrier with permanent training facilities in the state, a public or regional transit system, and an Iowa nonprofit that serves as a trade association for Iowa motor carriers. The following proposed amendments pertain to rule 761—607.30(321) related to third-party testers:

- Allow the following entities to be eligible as a third-party tester: a college or university, a community college, a government agency, an Iowa business, a nonprofit, or a public or regional transit system.
- Add definitions for each entity.
- Eliminate the restriction that Iowa-based motor carriers may only administer tests to individuals enrolled in their training programs.
- Provide that any new third-party tester would be required to administer at least 50 percent of all knowledge and skills tests to Iowa applicants to maintain certification. However, third-party testers

would only be required to administer 10 percent of all knowledge and skills tests to Iowa applicants if the remainder of the tests are administered to current or prospective employees of the tester.

House File 258 amended Iowa Code sections 321.188 and 321.207 requiring the Department to implement federal Drug and Alcohol Clearinghouse (DACH) requirements for commercial driver's license (CDL) applicants and holders. Under federal regulations, states are required to comply with these requirements by November 18, 2024. The following proposed amendments pertain to rule 761—607.3(321) or new proposed rule 761—607.51(321):

- Establish the procedures that the Department will follow when issuing, renewing, upgrading or transferring any type of CDL or commercial learner's permit (CLP) and when downgrading a CDL or CLP holder due to a notification from the DACH that a driver is in a "prohibited" status.
- Clarify which individuals are subject to DACH requirements and clarify the scope of hearings and appeals concerning DACH-initiated denials or downgrades. Definitions concerning CDL downgrades and the DACH are included to conform with federal regulations.

House File 335 amended Iowa Code section 321.176B to expand eligibility for the restricted CDL to include drivers in all federally eligible farm-related service industries. Prior law only allowed suppliers of agricultural inputs or their employees to obtain a restricted CDL. The proposed amendments to rule 761—607.49(321) remove references to "agricultural inputs" and instead adopts the federal language for restricted CDL eligibility, which includes "employees of...agri-chemical businesses, custom harvesters, farm retail outlets and suppliers, and livestock feeders."

A Regulatory Analysis, including the proposed amendments, was published in the October 18, 2023, Iowa Administrative Bulletin. A public hearing was held on November 13, 2023. No public comments on the Regulatory Analysis were received at the hearing or in writing. The Administrative Rules Coordinator provided preclearance for publication in the Notice of Intended Action on November 21, 2023.

- e. An applicant seeking to upgrade a commercial driver’s license or add an endorsement authorizing the operation of a commercial motor vehicle not covered by the current commercial driver’s license, or

**607.51(2) *Issuance procedures.*** Prior to issuing the license or permit, the department shall request information from the national drug and alcohol clearinghouse to determine if the person is prohibited from operating a commercial motor vehicle pursuant to 49 CFR 382.501(a). The department shall not issue, renew, transfer, or upgrade the license or permit if the person is prohibited from operating a commercial motor vehicle pursuant to 49 CFR 382.501(a). However, this subrule shall not take effect prior to the date established by the Federal Motor Carrier Safety Administration in 49 CFR Section 383.73 for state driver’s license agency compliance with national drug and alcohol clearinghouse requirements.

**607.51(3) *CDL downgrade.*** Upon receiving notification that pursuant to 49 CFR 382.501(a) the person is prohibited from operating a commercial motor vehicle, the department shall downgrade the license or permit and record the downgrade on the CDLIS driver record within 60 days of the department’s receipt of such notification. However, this subrule shall not take effect prior to the date established by the Federal Motor Carrier Safety Administration in 49 CFR Section 383.73 for state driver’s license agency compliance with national drug and alcohol clearinghouse requirements. The downgrade will be initiated and completed as follows:

a. The department shall give the person written notice that the person is prohibited from operating a commercial motor vehicle due to notification the department received from the national drug and alcohol clearinghouse that the person has engaged in conduct prohibited by 49 CFR 382.501(a) and that upon receipt of the notification, the department initiated a downgrade of the person’s CLP or CDL.

b. If the department receives notification that the person is no longer prohibited from operating a commercial motor vehicle before the downgrade is completed, the department shall terminate the downgrade process without removing the CLP or CDL privilege from the driver’s license, transmit the information to the person’s CDLIS driver record, and send written notice to the person.

c. If, after the downgrade is completed, the department receives notification from the national drug and alcohol clearinghouse that a driver is no longer prohibited from operating a commercial motor vehicle, the department shall record the end of the downgrade on the person’s CDLIS driver record, reinstate the CLP or CDL privilege to the driver’s license, and send written notice to the person.

*d.* If, after the downgrade is completed, the department receives notification from the national drug and alcohol clearinghouse that the person was erroneously identified as prohibited from operating a commercial motor vehicle, the department shall reinstate the CLP or CDL privilege to the driver's license as expeditiously as possible and remove from the CDLIS driver record and driving record any reference related to the person's erroneous prohibited status.

**607.51(4)** *Limitation on hearing and appeal.* An informal settlement, hearing, or appeal to contest the downgrade is limited to a determination of whether the facts required by Iowa Code sections 321.188 and 321.207 and this rule are true. The merits of the information conveyed by the national drug and alcohol clearinghouse to the department shall not be considered.

This rule is intended to implement Iowa Code section 321.188 as amended by 2023 Iowa Acts, House File 258, section 2, and section 321.207 as amended by 2023 Iowa Acts, House File 258, section 3.
