IFTA Quarterly Return Filling/Payment Deadline Dates

- Q1 - April 1
- Q2 - July 31
- Q3 - October 31
- Q4 - January 31

2020 UCR Registration Still Delayed

The start of the 2020 UCR registration period is delayed until further notice.

For updates on the registration date watch our website or go to plan.ucr.gov.

WHAT'S NEW?

Apportion Plate Changes

Beginning April 1, 2020 for the 2021 registration year, Vehicle & Motor Carrier Services (VMCS) will no longer issue apportioned plates that require an annual decal, and will only issue permanent apportioned plates that do not require decals. This change is being made in response to a ballot measure passed by the members of the International Registration Plan (IRP) requiring jurisdictions to accept an electronic image of a cab card.

By issuing only permanent plates that do not require an annual sticker, you, the customer, will no longer need to wait for credentials to arrive in the mail, unless a new plate, is being issued or you request the credentials be printed and mailed. You will also have the ability to reprint credentials from the system, instead of having to order duplicates and waiting for the new credentials to arrive in the mail.

Beginning immediately VMCS is issuing permanent plates to all new carriers and all new vehicles added to existing fleets. VMCS is also encouraging all existing carriers with nonpermanent plates to replace them with permanent plates during renewal time. Once payment and all necessary documents are received, the credentials will be emailed or faxed, unless a new plate is being issued.

All customers who renew in April or after and are still in possession of annual plates at their 2021 renewal period will automatically be converted to permanent plates by issuing a permanent decal to cover the space where the annual sticker would normally be placed. Customers will also have the option of requesting a new plate.

For more information on this, you can visit our website at: <https://iowadot.gov/mvd/motorcarriers>

Email addresses and the new ClearFleet System

- Everyone who currently has an IFTA and/or IRP account will **need** to have a valid email address. All new IFTA, IRP and Transit accounts will also need to have a valid email address. The new system will not allow the same email address on multiple accounts, and will send a confirmation email to validate the email that has been entered.

What if I don't have an email address?

- If you do not have a valid email address, you will need to create one.

There's a new IRP & IFTA system coming to Vehicle & Motor Carrier Services Bureau

Vehicle & Motor Carrier Services (VMCS) is getting a new IRP & IFTA processing system, and will also include Transit quarterly fuel tax reporting.

The new system, ClearFleet, will be hosted by Iteris. Iteris has more than two decades of experience assisting regional, state and national agencies plan, design, deploy, integrate and operate advanced transportation technologies in a manner that facilitates motor carrier safety. Iteris offers additional opportunities to scale the solution to meet Iowa DOT's long-term needs.

ClearFleet's anticipated go live date for all external customers is **March 2, 2020**. VMCS anticipates holding training sessions prior to the go live date, but currently does not have any times set.

The Iowa DOT is excited to be working with Iteris on this new system, and has worked hard to make it user friendly for everyone who processes IFTA, IRP and Transit online.

For updates, please visit our website at <https://iowadot.gov/mvd/motorcarriers>.

**ClearFleet's anticipated
go live date is
March 2, 2020**

2020 IFTA Renewal On-line Processing Timeline

As stated above, VMCS is anticipating the transition to a new system the 1st quarter of 2020, because of this, VMCS has opened up the start of online processing for the 2020 IFTA renewals effective immediately.

Renewal fees are \$.50 for each set of decals needed. **Decals may be displayed as of Nov. 1, 2019. If they are displayed prior to Jan. 1, 2020, you must carry both years license in the vehicle.**

When renewing, please select Renew Fleet. DO NOT select Add Decals.

Reminders

IRP credential information and reporting periods

1. If you have permanent or annual plates, they do not need to be returned during renewal time unless you are storing your unit.
 2. If you are deleting a unit anytime during the year other than at renewal time, you **must** return the annual and permanent plates and delete the vehicle(s). To apply for a refund of Iowa fees paid, complete a claim for refund form, (441021) and send it in with the plate.
 3. If you are deleting a unit during your renewal month, but have already paid your renewal, you will need to delete that unit in the current year, and return both the plate and the cab card for a refund.
 4. Display 2020 credentials on/before your current credentials expire. If the 2020 credentials are displayed prior to your current credentials expiring, both the 2019 and 2020 cab cards must be carried in the vehicle.
 5. **Distance reporting period through August 31, 2020 is July 1, 2018 - June 30, 2019.**
 6. **Distance reporting period beginning September 1, 2020 is July 1, 2019 - June 30, 2020.**
 7. 2290 reporting period: **July 1, 2019 through June 30, 2020 or July 1, 2020 through June 30, 2021.**
 - **If the October renewal is submitted October 1 or after, you **must** use the July 1, 2020 through June 30, 2021 2290**
- *For 2290 filing requirements & information visit [IRS Trucking Tax Center](#)*
8. IFTA tax return filing: To avoid penalty and interest, the tax return and payment must be filed and paid in full on or before the IFTA quarterly return filing deadline.

Motor Carrier Responsible for Safety (MCRS)

All IRP commercial motor vehicles (CMVs) registered within a Performance and Registration Information Systems Management (PRISM) state must have a MCRS assigned to it.

If you indicated the MCRS is not going to change during the registration period, the MCRS information will be printed on the cab card.

If the MCRS changes during the registration period or due to a Federal Out of Service Order, you must make the change with our office immediately, on the vehicle(s) affected, and provide a current lease agreement between you and the company with whom you are leasing to receive updated credentials before operating.

Updates are critical to keep information current to allow carriers to operate without interruption.

If you indicated the MCRS is going to change during the registration period, the MCRS information will not be placed on the cab card. This means the driver must have in his or her possession appropriate documentation (a current cab card, lease agreement, and shipping document) to present if stopped at roadside.

Weight Limits for Transporting Raw Forest Products Effective July 1, 2019

- Allows permitted divisible loads of raw forest products with a maximum of no more than 20,000 lbs per axle.
- Permitted vehicles transporting raw forest products among the list of vehicles that may have at least one tandem axle on the truck tractor and one tandem axle on the trailer that does not exceed 46,000 lbs, provided each tandem axle has at least four tires and all other axles do not exceed the limits of 20,000 lbs per single axle.
- Deems containerized shipments of raw forest products as indivisible loads. This is significant because Ch. 321E only allows indivisible loads to be permitted for weights above 80,000 lbs.
- Establishes an annual overweight permit fee of \$175 for raw forest products.
- Authorizes Iowa DOT to issue annual overweight permits for vehicles transporting divisible loads of raw forest projects from fields to storage, processing, or to other commercial facilities. Also permits issued are valid on routes that are not on primary systems if the local authority that has jurisdiction over the route has approved the route for the permit.

DOES YOUR LICENSE FLY?

Beginning Oct. 1, 2020, if you're planning to travel by commercial plane, you must show a REAL ID compliant driver's license or ID card at the airport.

A REAL ID card has a gold star in the top right corner. If you do not have a REAL ID, you will need to show a different TSA-approved identity document (like a passport or military ID) to fly.

Federal and nuclear facilities that screen your identity when you enter will also require you to show a REAL ID compliant card. If you do not have one, other identification and/or screening may be required.

REAL ID is the result of a nationwide federal act meant to protect you from terrorism and identity fraud. You can get a REAL ID card when it's time to renew your license/ID at no additional cost. If you need a REAL ID card before your license/ID expires, come in any time and apply for a replacement card marked as REAL ID compliant for a \$10 fee.

HOW DO I GET A REAL ID CARD?

Go to any Iowa driver's license service center and bring the following original documents (no photocopies).

<p>Proof of identity one of the following</p> <ul style="list-style-type: none"> • Official birth certificate (not the one with baby footprints) • Valid U.S. passport • Most recent U.S. Citizenship and Immigration Services immigration or refugee document 	<p>Proof of social security number one of the following</p> <ul style="list-style-type: none"> • Social security card • W-2 or 1099 (must show your entire social security number) 	<p>Proofs of residency Two items showing your name and address where you live</p> <ul style="list-style-type: none"> • Utility bill • Bank or credit card statement • Pay stub • Piece of postmarked mail • Find other examples online 	<p>Proof of any legal name changes Any of the following if your current name is different from the name on your proof of identity document.</p> <ul style="list-style-type: none"> • Marriage certificate if your last name changed • Divorce decree indicating a name change • Court order under petition for name change
