Popular Title: Motorcoach Rollover Structural Integrity**RIN 2127-AK96****Stage:** NPRM**Previous Stage:**None

Abstract: This rulemaking would promulgate a new FMVSS for rollover structural integrity requirements for motorcoaches. In August 2007, NHTSA published a motorcoach safety plan identifying four specific priority items: seat belts on motorcoaches, rollover structural integrity, emergency evacuation, and fire safety. The DOT published a comprehensive motorcoach safety action plan in November 2009 that reiterated NHTSA's motorcoach safety priorities. This rulemaking also addresses 6 recommendations issued by the NTSB on motorcoach roof strength and structural integrity and is responsive to requirements of the Moving Ahead for Progress in the 21st Century (MAP-21) Act.
