ADDENDUM NO. 2
for
Proposal No. RFB22031, 22086-22091
For
Fuel for FY2020 Iowa DOT Tank Wagon and Transport Locations Statewide
Solicitation Response Due Date: May 29, 2019

Notice

This addendum is issued to incorporate any additions, deletions, corrections, and/or clarifications to any prior release of specifications, terms or conditions of the solicitation. Per this notice, the changes listed will take precedence over any previously released specifications, terms or conditions.

Specification update for Proposal 22090:

- University of Iowa will be requiring contracted vendor to provide diesel fuel with winter additive in diesel for orders when requested for Proposal 22090-Group3 Diesel U of I, Fleet Services.

List cost here for Winter Additive per US gallon \$_____

Vendor to submit name of product, treat ratio and specification sheet when returning this addendum.

Specification update for all Proposals:

- After another review of the number of fuel deliveries at our smaller garages – and considering the gallons of high cloud product likely to remain in the tanks heading into cold winter months – we need to retract our response to accept a high cloud product of 46°. Our original specification will be required.

Clarification on Solicitation Response Due Date:

- Bid is due on May 29, 2019. Addendum #1 stated the wrong date in error.

All Responders must sign and return this addendum for the solicitation referenced above. Failure to do so may subject the Responder to disqualification. If a response to the solicitation has already been submitted, this addendum shall be signed, emailed or faxed to the Purchasing Section prior to the scheduled response due date.
