

Iowa Department of Transportation

Iowa Ag guide

Alex Jansen
Motor Carrier Program Manager

Agriculture is vital to Iowa's economy.

The mission of the Iowa Department of Transportation is to ensure agriculture vehicles and farm machinery are operated in a way that promotes safety and protects Iowa's citizens, roadways, bridges, pavement and infrastructure.

Helpful tool for Iowa's farmers

This new guide will clarify many of the rules and regulations concerning the operation of agricultural vehicles - including vehicle classification, registration and other considerations when operating farm vehicles and equipment.

What's included:

Driver's License Requirements

Registration Requirements

Permits

Raw Farm Products

We need your help!

To ensure we're developing a helpful tool we want to make sure the information included is useful and easy for Iowa farmers to find what's required to complete their day-to-day operations.

Scan this QR code to help us develop a new tool for Iowa farmers.

Thank you!
