

TRAFFIC AND SAFETY MANUAL

Chapter 4 – Signals 4A – General

General

Originally Issued: 12-17-01, Last Revised: 12-17-01

The purpose of this chapter is to provide guidance and general information on justification, design, construction, operation, maintenance, and removal of traffic signals on roadways under the jurisdiction of the Iowa DOT. Part 4 of the MUTCD and [NCHRP Report 457](#) both provide additional information on traffic signals.
