

Please consider the following notes regarding the Certified Technicians Book:

- 1) This is a living document that is being continuously updated as information is received. The date listed on the second page of the book is the date of the last published update.
  
- 2) Starting with the 2015-2016 training season, there will be a different format for newly assigned TTCP Certification Numbers. The new format will be a unique six digit number. The first digit will represent the District in which the Certified Technician lives. The second and third digits are the last two digits of the year of initial certification. The remaining three digits are randomly assigned. For example, a new Certified Technician who lives in Des Moines became certified this training season. Their certification number would be 123aaa, where “aaa” represents a random, three digit sequence of numbers. Certified Technicians that already have certification numbers will continue to use those numbers at this time.

3) Please send any corrections or questions to:

Brian Squier

Brian.Squier@iowadot.us
