
Remember!

HMA I, PCC II and Erosion Control Updates

Level I HMA, Level II PCC and Erosion Control Updates will no longer be required for recertification. Update classes will continue to be offered online, but are for information only.

We strongly encourage taking update classes every year, if possible. Changes and important new information are presented that could affect how you do your job.

Updates will be offered through web-based training. These will be available January 1 thru May 31. If an individual plans on taking the PCC II or HMA I update via the web, they will need to go to <https://iowadot.gov/training/web-based-training>.
