

Chapter 1 - Role of the Iowa DOT

This handbook provides an overview of public transit in Iowa and how to do business with the Iowa Department of Transportation (DOT). It is intended to be a tool to assist transit managers in navigating the many policies, procedures and requirements of state and federal government. This handbook can be used to provide orientation for new personnel; to help clarify the relationships and required procedures for existing personnel; and to provide easier accessibility to regulations and procedures. Input on the content of the handbook to increase its usefulness is encouraged at any time.

Role of Iowa Department of Transportation

The Iowa DOT is responsible for the administration of state and federal transit programs through the Modal Transportation Bureau's public Transit Team (PTT). The PTT provides funding and technical assistance, as well as many other services and program oversight functions, in carrying out the office's purpose of promoting and supporting public transportation throughout Iowa. As recipients of funding administered by the Iowa DOT and users of the transportation network, transit systems interact with the Iowa DOT to carry out their public transportation mission.

[Chapter 307](#) of the Code of Iowa gives the department the responsibility to identify needs of public transportation, collect data, and apply for, accept and disperse funds for the improvement of mass transit. [Chapter 920](#) of the Iowa Administrative Code defines regional and urban transit systems, provides for the coordination of services, and discusses the role in the distribution of state funds.

Public Transit Team

The mission of the Iowa DOT's PTT is to advocate and deliver services that support and promote a safe and comprehensive transit system in Iowa that enhances Iowans access to opportunities and improves quality of life.

For more information on the PTT and for a listing of staff responsible for the various transit duties and the many services provided by the team, please visit the [Contacts web page](#).

Major functions of the Public Transit Team include:

- Administering State Transit Assistance funding
- Administering the Public Transit Infrastructure Grant Program
- Administering the intercity bus program
- Applying for and administering federal funds to rural transit systems and small urban systems
- Applying for and administering federal statewide capital funds
- Developing the transit portion of the State Transportation Improvement Program (STIP)
- Allocating federal funds for urban transit systems in cities with populations between 50,000 and 200,000
- Promoting coordination of public transportation by agencies receiving public funds
- Assuring compliance with state and federal requirements
- Providing technical assistance and training
- Developing and maintaining a [website](#)
- Advocating and promoting the use of public transit in Iowa.
