Change in "go live" date for Financial portion of Workday

Did you know there was more to Workday than just the human resources management side we implemented last year? The Iowa DOT has been working to move our financial management to Workday later this year.

This finance piece of Workday was scheduled to "go live" April 1. That date has now been pushed back to July 1, 2020, to allow us to implement new features in an updated release of Workday scheduled for March 2020.

Thanks for your patience as we work through this transition.
